

*On a cold and blustery day in Morwell recently, we gratefully accepted a State Government grant to help further fund our historical project - **Virtual Yallourn**...I'm sure you have noticed the data being inputted from the Electoral Rolls of the 1960s in an endeavor to get every house in Yallourn connected to at least one family and soon you will see some major visual improvements...so please continue to support the website, dig out the old photos and add generously - help solve some of the queries and read what our newly appointed "Mayor Brogan" (Kevin Brogan) has to say - if he doesn't know the answer, it didn't happen!*

Historic: Gippsland Immigration Park's Serge Auciello and Maggie Auciello, Yinnar and District Historical Society's Win Morrison and John Harris, State Member for Morwell Russell Northe, and Yallourn Association's Julie George and Chris French.
